Dear Shareholder:

Please find below important information regarding your investment in **CareVest First MIC Fund Inc.** (the "MIC"):

Redemption Price Increase Notice

As a result of recovery efforts in 2016, which led to the sale and closure of over \$1 million of non-performing assets, we are pleased to report an increase of \$0.05 to the MIC's Redemption Price per Series A1 share, and Series B1 share. The increase resulted in a Redemption Price of \$1.00 for each Series on October 31, 2016.

As at December 31, 2016 the MIC's Redemption Price remained at \$1.00 for each Series.

Performance Overview

	Series A1	Series B1
2016 Distribution per Series	\$0.0438	\$0.0387
2016 Yield Percentage	4.38%	3.87%

The MIC's percentage return is calculated by dividing the total distribution in 2016 by the MIC's Redemption Price per Series as at December 31, 2016. There can be no assurance that the yields on the mortgages currently invested in by the MIC will be representative of yields to be obtained on future mortgage investments of the MIC.
